

## **SMOKE FREE POLICY AT EVENTS**

Arts SA asks that any recipient of its grants or funding should apply smoke free policies to its events.

The following strategies should be applied to all events held during the funding period, using the grant or as part of the grant purpose that may be attended by persons who are not members of staff, including any outdoor event:

- use their best endeavours to ensure that the event is completely smoke-free;
- not sell, and use their best endeavours not to permit the sale of, any tobacco products or smoking paraphernalia at the event;
- use their best endeavours not to enter into any arrangements (whether commercial or otherwise) with any persons or bodies who encourage or support the use of tobacco products or smoking paraphernalia in any way; and
- use their best endeavours to ensure that at all times while your staff are in staff uniform or are acting in an official capacity they comply with these conditions and also refrain from smoking in the sight of others.

Free signage is available from [SA Health](#)
